Instructions on How to filter for specific information within ECAD's Public Websites

This is how you can get all the information you need in these easy steps:

1. Go to this website: https://www.epa.gov/tx/enforcement-compliance-assurance-documents-texas

2. Then filter by enforcement by selecting the column heading "type" and selecting enforcement.

3. Then go to "Actions" at the top and select "download." It will produce an Excel file like the attached. You can then search individual cases and find the actual enforcement docs if you're interested. We have also included the other websites.

AR: https://www.epa.gov/ar/enforcement-and-compliance-assurance-documents-arkansas

LA: https://www.epa.gov/la/enforcement-and-compliance-assurance-documents-louisiana

NM: https://www.epa.gov/nm/enforcement-and-compliance-assurance-documents-new-mexico

OK: https://www.epa.gov/ok/enforcement-and-compliance-assurance-documents-oklahoma

TX: https://www.epa.gov/tx/enforcement-compliance-assurance-documents-texas
